

DO YOU KNOW:

- Proposed bills moving through legislation will mandate full vaccinations for all keiki to attend school?
- A new law allows the government to seize private property during a perceived biosecurity emergency?
- The governor has suspended over 30 laws, signed more than 90 emergency proclamations, setting a precedent for future governors?

A **Citizen Memorandum** is a formal written notice from the people to the government.

It places concerns and objections into the public record, so officials cannot claim they did not know.

A Citizen Memorandum:

- Creates official notice
- Documents consent or non-consent
- Creates accountability

(Read Memorandum with this QR code.)

Why This Matters Now: The memorandum addresses parental rights, emergency powers, and the loss of checks and balances.
